

# CONTENTS

## Road Engineering

Comparison Research of America and French Gyrotory Compaction Method Effect on the Durable High Modulus Asphalt Mixture

..... Li Xiaoyan, Han Chao, An Fengwei, Li Hao, Jia Yu (1)

Stability Analysis and Compute for Bedding Dolomite Slope ..... Lu Aimin (4)

Study on the Application of Rapid Transformation of Urban Road Network in Taizhou ..... Han Zhenguo (7)

A Comparative Analysis of Reinforcement Effect of Three Soft Foundation Treatment Methods ..... Gu Junming, Qian Jun (11)

## Bridge & Tunnel Engineering

A Method on Temporary Displacement Estimation of Concrete Box Girder by Theory of Temperature Field

..... Cheng Shuguang, Cheng Ye, Pan Danguang (16)

Research on Temperature Effect of PC Continuous Girder Bridge Cantilever Casting Construction Control

..... Bao Shijun, Liang Quan, Kan Lei, Liu Jiabin, Lin Qiang (21)

Influencing Factors Analysis on Bearing Capacity of Corroded Wire Cables ..... Yue Hongyu, Liu Fa, Xie Mindian (26)

Study on the Calculating Method of Spec Ultimate Flexural Capacity ..... Wang Rui, Zhou Zhixiang, Wei Wenlong (32)

Method Research of Bridge Structure Condition Assessment Based on Establishing the Standard Field From Monitoring Data

..... Yin Jie, Zhang Yufeng, Peng Jiayi (36)

Study on Optimal Placement of Sensors for Health Monitoring of a Cable-stayed Bridge Based on the FEM Updating

..... She Xunke, Xu YiChao (39)

Demolition and Replacement Technology of Expansion Joints for Highway

..... Wang Feng, Liu Duo, Jiang Liusheng, Man Xiaowei, Zhang Jiandong (43)

The Analysis and Research for the Bridge Diseases of Box Girder's Lateral Displacement, the Case Study of An S-Formed Continuous  
Curved Box Girder Bridge ..... Han Yun, Yu Jiancheng, Li Houchuan (46)

Study of the Prefabricated Steel Pipe Concrete Green Tunnel ..... Li Dapeng, Huang Jun (50)

The Selection Research of the Grouped Muck Truck Equipment in Earth Pressure Shield ..... Li Haoran, Li Na (54)

## Communication Engineering

Traffic Flow Prediction Based on GA-BP network ..... Song Di, Chen Guoding, Liu Yi (56)

Planning for Urban Slow Traffic System under the Situation of Multiple Planning Fusion ..... Pan Xiaodong, Sun Yingying (60)

Study on The Influence Scope of Nanjing Comprehensive Passenger Transport Hubs Based on LBS Big Data .... Chen chen, Li Haorang (63)

Study on Traffic Capacity Improvement of Urban Intersections ..... Song Jianhua, Qiu Zhaowen (67)

## Transportation Economy & Logistics

Efficiency Evaluation of Port Container Transport by Rail and Sea Based on DEAHP ..... Wang Wei, Li Rui, Wang Shupe (72)

## Rail Transportation

Hazard Identification and Risk Assessment of Modern Trams Safe Running ..... Yang Ninghui, Ye Mao, Wu Aimin, Hu Tingting (75)

Research on Ventilation Scheme of Substation in Elevated Metro Station ..... Shi Jinfeng, Dong Zhiyuan, Xu Qingrong (81)

## Maintenance Engineering

Durable Type Sand Fog Seal Technology Application Research in Jiangsu Province Arterial Highway ..... Gao Zhiming, Ji Zenghui (84)

The Staff Size of Expressway Maintenance Division Based on the Nnalysis of the Assignments ..... Ma Hangying, Xiong Qin (88)

## Management

Application of Information Technology in Airport Operation and Maintenance Management ..... Ding Feng (91)

Study on The Countermeasures of Standardized Management Network Car Based on Public Welfare Property ..... Cui Yalei (96)
